

I Am Resilient in Service: The New Normal – Level 1

Description

Learners need to recognise the diversity markers as well as the importance and value of diversity in contributing to organisational objectives and their personal work or career goals.

With that, learners will be better positioned to contribute ideas on how diversity can add value to service delivery.

With the right mindset and attitude towards embracing and tapping the opportunities of diversity to increase service delivery excellence, learners are introduced to how emotional intelligence can be applied to improve collaboration, resilience and working relationships to handle service challenges in a diverse environment.

Having been equipped with knowledge and skills to embrace diversity and demonstrate inclusiveness at the workplace, learners are ready to work with team members to deliver service excellence and handle challenges with resilience to achieve organisational objectives. More importantly, learners are encouraged
