

Telephone Etiquette and Techniques (Synchronous) E-Learning

 COURSE DURATION
8 Hrs

 MODE OF TRAINING
Classroom

Love the phone or hate it, it is becoming clear that it is the way to do business and it is here to stay. As the telephone is widely used in business, it is important that we excel in areas of telephone communication. Being able to handle telephone calls efficiently and effectively will enhance not only your own image but also the image of your organisation.

This course focuses on helping working professionals with the essential skills in handling telephone calls professionally, confidently and effectively. It also provides you with the techniques on dealing with the common types of difficult customer situations that you come across in your daily encounters with them.

Course Objectives

- Determine how callers measure your service and what it takes for you to do your job professionally
- Demonstrate the 2Vs to project a professional image of yourself and enhance the caller's confidence in you
- Use the appropriate phrases in a telephone call
- Apply the techniques to handle various difficult caller situations
- Demonstrate proper telephone etiquettes to enhance your image and that of your organisation

Who Is This Course For

- Those who have to handle customers over the phone regularly.
